**ACKNOWLEDGEMENT**

It is said that knowledge is the gateway to success and to get the right knowledge, one requires a right teacher as we are eighth semester students of BE Electrical Engineering very well know that without the right direction and guidance of our beloved professors, it might not have been possible to complete and present this Project report. It gives us great pleasure in having an opportunity to express a deep sense of gratitude to our principal, **Prof. Dr. (Mrs.) K.R. Joshi**, for providing us necessary facilities. We are also thankful to our HOD, **Prof. Dr. (Mrs.) N.R. Kulkarni** for her time to time guidance and support.

We also thank our guide **Prof. Mrs. ....**under whose guidance we were able to complete this dissertation work. His/Her constant inspiration right from basic ideas along with timely criticism made us work with full enthusiasm.

We are also thankful to all the professors and staff members of the electrical department for the advice, suggestion and criticism.

Last but not the least we would like to thank all the unknown hands which made this Work directly or indirectly, a success.
